

PANDORA • CHIMICA

WHAT WE DO

We are a vocal band of five extraordinary performers with a fantasy flair. Our music comes from Celtic roots, with dark harmonies, folk and world-music influences, and a dash of steampunk. Our subject matter centers around old-world style maritime and faerie tales – dark with the powerful themes of sorrow, loss, and longing. We have five albums and are in studio for our sixth, a childrens' steampunk faerie tale album.

We play at pubs, parties, conventions, steampunk events, music festivals, Celtic events, Historical festivals and educational events and can fit ourselves in nearly anywhere. We can be found online at the links below and please check out our Facebook page to get to know our fans.

BIO

Pandora Celtica has been performing for 9 years now. We are local to the Denver area, and perform all over the United States. We have performed at DragonCon in Atlanta, Faerieworlds International Faerie Festival in Oregon, and opened for Abney Park in Denver. In 2012, we won the Colorado Irish Festival's battle of the bands to perform on the same stage as the Young Dubliners and the Elders.

Denver's A-List recognized Pandora Celtica as one of the
Top 5 Best Local Bands.

We also make a habit of co-writing and performing with other artists such as SJ Tucker, Professor Elemental, and Alexander James Adams.

Our music is our pride, but we are often asked back because our colorful characters are such a hit with our audiences both on and off the stage.

OTHER INFO

Attached is our rider, but here are our basic needs from a venue. For local shows (Denver Area) we will perform one 45min-hour set for \$500. Additional sets for \$300 each.

We require the venue to provide sound equipment and a sound tech to run it, a booth or table nearby where we can sell CD's, band merchandise and passes to the event for ourselves and our staff. We do have a sound tech with his own equipment and we can discuss a separate package for him if you require us to provide sound.

For shows that are not local, our needs will vary based on the amount of travel, the venue, and the show. Please contact us directly to discuss rates.
